

# About Software Development and Running

---

A presentation by Lukas  
Keller

# My Passion: Software Development

---

- First experience with programming at the age of 14
- University of Bern
- University of Applied Sciences and Arts Northwestern Switzerland
- 7,5 year of professional experience

What software development is about for me:

- Creativity
- Make the impossible possible
- Versatile

# My Passion: Trail- & Road running

---

- Run as a kid
- Long break
- Since 2017 running again
- On the road: up to half marathons
- On the trails: short trails to ultras

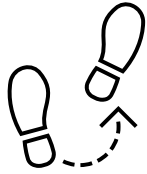

# The missing link – Interaction

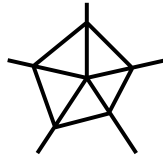

- Give it all I've got
- Let the mind wander
- Getting new ideas / approaches

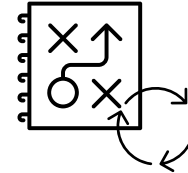

# The missing link – similarities

Small steps

Brush up

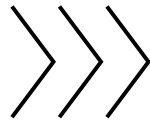

Plan and adapt

Technical

Satisfaction

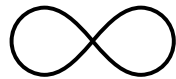

Flow

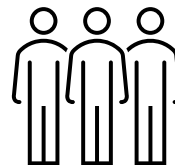

Review

Mindgame

Know your limits

Teamwork

Passion

# The conclusion

---

- Be passionate
- Find your flow
- Know your limits
- Have fun
- Be part of it
